Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 22 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy to start, but soon becoming brighter.

Today:
Quite a cloudy start for most, with patchy light rain from this in places. Cloud soon breaks through the morning, leaving a fine and dry day with sunny spells, feeling warm in these. Breezy. Maximum temperature 20 deg C (68 deg F).

Tonight:
Turning cloudier again from the north through the evening, as a band of rain moves into the region. Becoming drier for most by dawn but remaining breezy throughout. Minimum temperature 12 deg C (54 deg F).

Thursday:
Further patchy light rain arrives into the north through the morning, lingering throughout; southern areas staying largely dry, but quite cloudy. Breezy. Maximum temperature 18 deg C (64 deg F).

Outlook for Friday to Sunday:
Staying cloudy Friday, with light rain and breezy winds. Drier and less windy on Saturday but remaining cloudy. Fine and largely dry Sunday, with sunny spells.
